BUILDING DREAMS  
SINCE 1970

# About us

With more than 50 years of know-how and experience in construction, the company's promoters began construction work under the name of M/s. Doongarmal & Bros. and delivered several projects effectively, establishing a strong reputation amongst its broad and prestigious Client list.

It eventually branched into several independent partner companies, named 'Hightech Construction', 'Shagun Construction', 'KJ Artistry' and other sister firms; gripping over the alternative market, such as the building construction and interior designing.

**THE FIRM**

# BUSINESS APPROACH

Our operations, as General Contractor, commence with pricing for the job using our comprehensive cost experience in the market.

Whereas on the later stage, we coordinate everyday activities on the site, including safety, quality assurance and plan enforcement, throughout the actual construction phase.

A unified source approach for all your building requirements is offered by our team of contracting professionals.

Whether it is renovation, site planning, a new project or expansion of the building, we have the expertise and resources to provide the best quality construction on time and under budget.

Our competence ranges from modest renovations to multi-million rupee contracts in the building industry.

## *STRATEGY*

- Effective planning and material procurement.
- Effective coordination of work.
- Use of quality control for mitigating rework.
- Constant monitoring.
- Highly skilled workforce.

# Services

OUR PHILOSOPHY

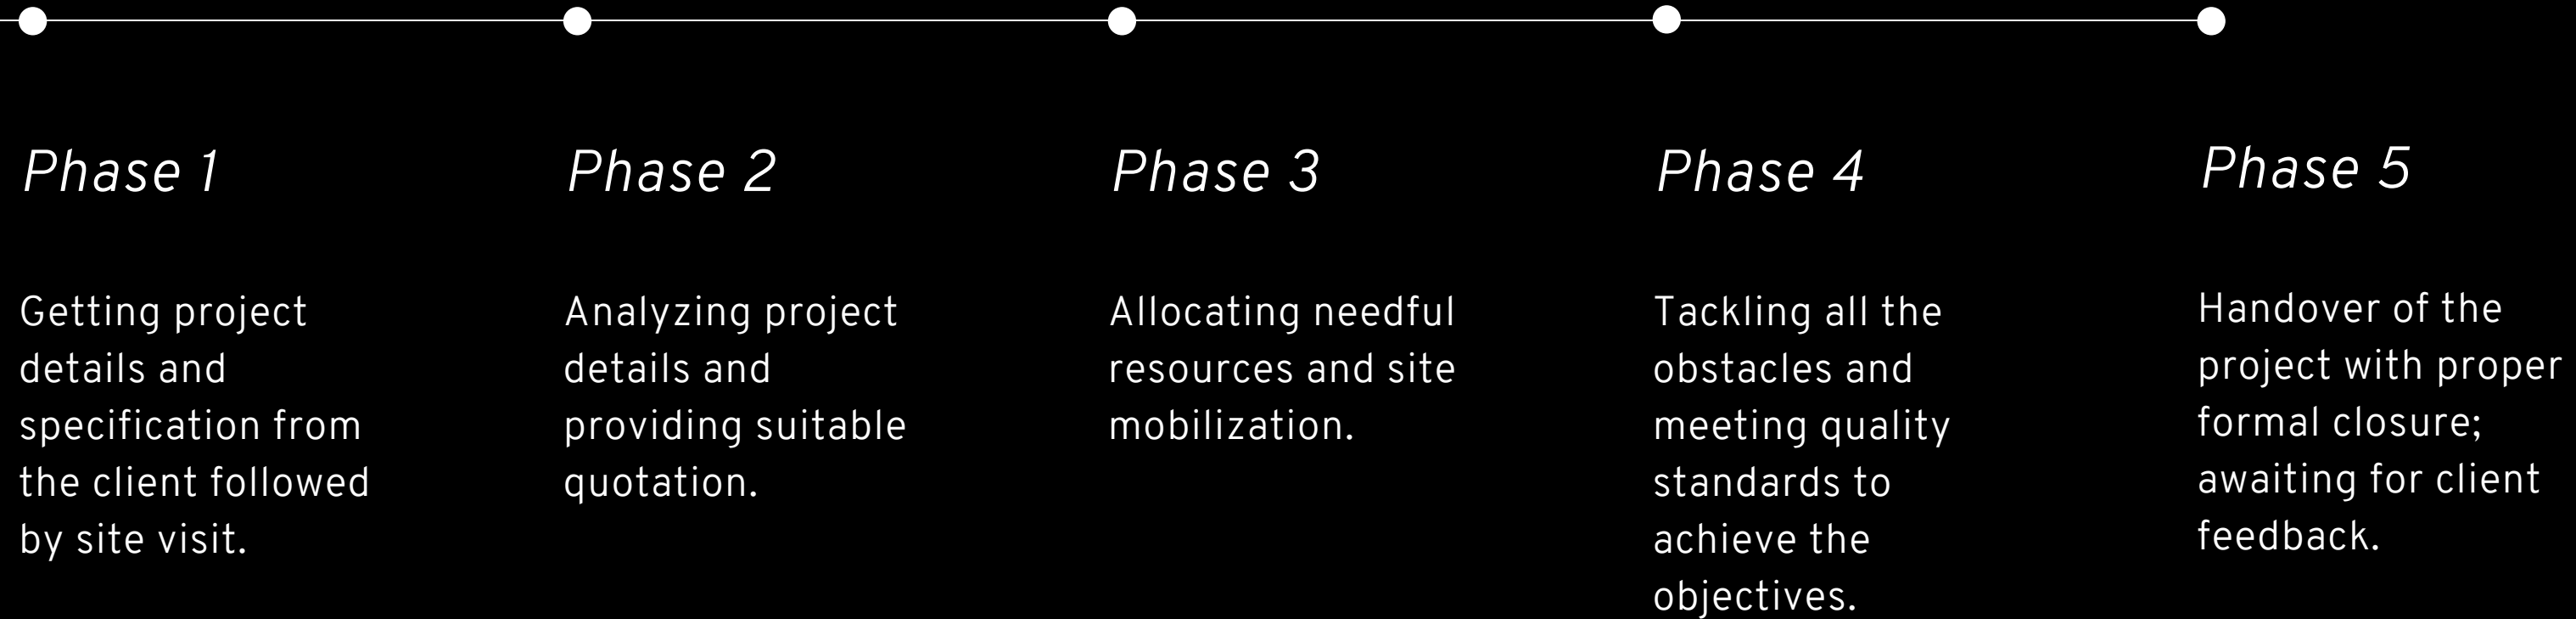

---

06

# How we work

# CLIENT TESTIMONIALS

1

Commercial project  
owner

Considering the bad  
economic crisis, htc  
achieved the deadlines  
with top notch quality.

2

Hospitality owner

Looking at our previously  
completed project, having no  
doubt in mind we preferred  
hightech construction for  
our upcoming project.

3

Interior

Design and 3d drawings  
were according to my taste  
under Karan's guidance. He  
tends to achieve what we  
call as HOME now.
